Congratulations, You're Live with WalkMe!

Congratulations on going live with your implementation!

You've put in a lot of hard work and you've crossed the first finish line. Now it's time to celebrate!
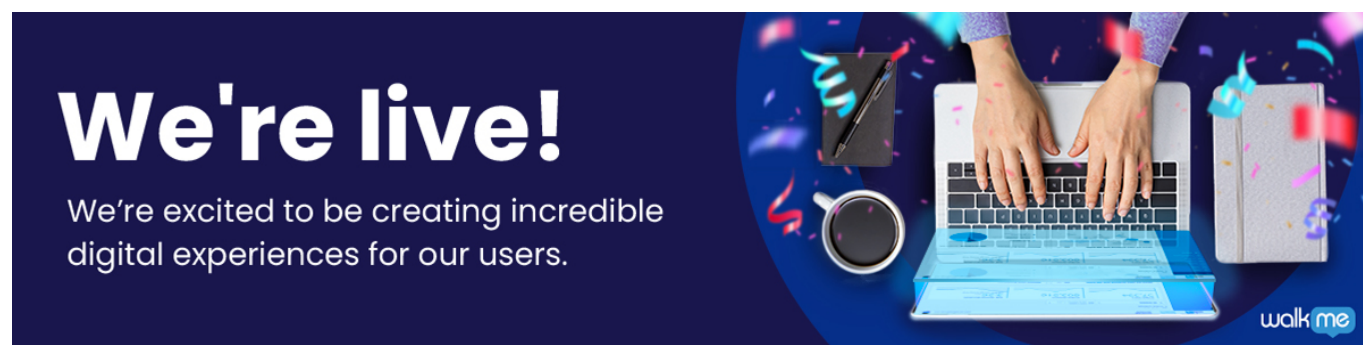

We've created some banners that you can use to give yourself a pat on the back and share your gratitude to other team members for their hard work.

Don't forget: use the hashtag **#WalkMe** and **#digitaladoption**!
