

# How To Retrieve Your GUID

## Brief Overview

This guide shows you how to retrieve your GUID from the WalkMe Editor.

## Steps To Retrieve Your GUID

1. Open the Editor settings menu (top right corner) and select **System Settings**

2. Open the **Snippet** tab
  - The GUID is the value that appears after “https://cdn.walkme.com/users/” and before the environment name (in this case - “/test”)

General Safe Start Features Connectors User Preferences **Snippet** ✕

Environment **Test** ▼

WalkMe Enabled

Copy and paste the following code on to every page for which you want to enable WalkMe. The snippet must go between the <head> and </head> tags of a page.

```
<script type="text/javascript">(function() {var walkme = document.createElement('script'); walkme.type = 'text/javascript'; walkme.async = true; walkme.src = 'https://cdn.walkme.com/users/(2e7bc74efad81)test/walkme_f2e7bcf52106472795e62cfc74efad81_https.js'; var s = document.getElementsByTagName('script')[0]; s.parentNode.insertBefore(walkme, s); window._walkmeConfig = {smartLoad:true}; })</script>
```

[Publish settings](#) <sup>1</sup> Admin Settings [Done](#)

### Tip

The GUID is the same for all environments.
